    - Ensure quick and safe access for residential communities. Pair with CAPXL for remote system diagnostics.

---

**Smart**

- Intuitive Interface: With color touch display for superior resident and guest usability.
- Customizable Background: On a 10”, full-color, 720p high-definition screen.
- Remote Programming: And activity monitoring using myQ® Business™.
- Configurable Email Notifications: Know when codes are overused or if service is needed for the CAPXL, CAP2D or gate operator.
- Eliminate Trenching: With Wi-Fi® and wireless link to LiftMaster® gate operators.

---

**Reliable**

- Voice over IP (VoIP): Provides crystal-clear call quality with no long-distance charges.
- Stainless Steel: For a modern, durable design.
- Local System Memory: Allows residents to enter even when the internet is down.

---

**Secure**

- Get alerted when a suspended code is used or if an active code is being overused.
- Real-time Activity Tracking: With myQ® Business™.
- Cloud-based Security: Keeps data protected and safeguards resident information.
