Disclaimer: Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. KI makes conservative assumptions when compiling information to provide the most accurate recycled content calculations possible. This document will be reviewed and updated periodically and is subject to change without notice.

Product recyclability is dependent on local programs.

Certifications Summary
Summary outline and explanation of additional certifications.

WELL Building Standard
The WELL Building Standard is the first standard to integrate human health and wellness into the design, construction, maintenance and operations of buildings.

SmartWay Certified
KI has a fleet of SmartWay Certified trucks, resulting in less fuel usage, decreased exhaust output, and economic savings. In addition, we utilize other SmartWay certified trucking companies when needed.

Healthier Hospital Initiative (HHI)
The Healthier Hospitals Initiative encourages manufacturers to provide information on furniture that meets the Healthy Interiors goals of the Safer Chemicals Challenge.

CARB Phase 2 Compliant
The California Air Resources Board, is part of California Environmental Protection Agency (CalEPA). CARB Phase 2 Compliant indicates the product formaldehyde emission limits of .05 ppm or less.

Other Attributes
End-of-Life Recycling & Reuse: KI selects materials that can be recycled at the end of a product’s use and designs its products so that it can be easily disassembled and separated for local recycling facilities. Disassembly Instructions can be found online or by request.
