Disassembly Instructions

LOUNGE SEATING: Hub

Procedure:

1. Remove the fasteners holding the legs onto the frame and remove the legs.
2. Cut away the cloth covering the bottom to expose any fasteners holding the rear seat box and remove the box with backrest. If the product has tablet arms, fasteners must be removed from the main seat frame to remove the arms and rear box with the backrest.
3. Cut the fabric on main seat frame and remove or scrape all foam and fabric. Large foam may be removed by hand.
4. Cut and remove all seat elastic banding.
5. Cut and remove the fabric and foam from backrest. Remove the bolts holding the backrest support posts.
6. Remove any remaining steel brackets and loose hardware.
