Nexis® Dossier
Company Snapshot

Efficient and Effective—The Smartest Tool for Deep Insights into Companies that Matter to Your Business

Streamline Your Search. Boost Your Results

The Snapshot feature in Nexis Dossier can perform multiple searches, all at the same time, allowing access to 240 million global companies with just one click.

Short on time and resources? Snapshot delivers the insights and information you need on the players and dynamics influencing your company and your market.
Snapshot is a shortcut; not a step back. With your Snapshot subscription, you’ll receive company information on 240 million companies, searching and reporting capabilities and other easy to use tools.

**Company Information, Organized for You**

- Company descriptions
- Key stats like number of employees
- Important financials including balance sheet, income statement, yearly income, sales, assets, and liabilities
- Stock quotes and charts
- Major competitors
- Key executives
- Brand information
- Parent/subsidiary structure
- Current news articles and content from over 26,000 news sources, like product releases, events and other announcements

**Powerful Search and Reporting At Your Fingertips**

- Leverage stock quotes and charts from Morningstar®
- Flexible search for companies by name, ticker, D-U-N-S® Number, Dossier ID, company type or geography
- Compare and contrast up to five companies for true analysis

**Streamlined and Simplified for Everyday Use**

- One powerful tool organizes and presents all mission-critical information
- Our tabbed environment allows simple display, analysis and review
- Organize strategic findings all in one place for a truly deep Snapshot of the research that matters
